APPLICATION :

Save these files in a folder called "your name" web images

***When you are naming these pictures name them as "1.jpg" "2.gif" etc..**

1. Find and save an image of a band that is under 1 MB in size
2. Find and save a .jpg image that is under 300 k in size.
3. Take a picture of yourself with the digital Camera and save it in your folder.
4. Find an animated picture file and save it into your folder.
5. Find an image that is suitable for a background.
6. Find a picture of your favorite animal and use the invert tool to make it look like a negative. When you are done save it as a .bmp file.
7. Find a picture of a college or pro mascot and make it W 600 X H 400 Save it as .jpg
8. Find a picture of your favorite superhero. Save it as a .jpg so it is under 75k in size. You also must fit canvas.
9. Make a picture with flags from 4 different countries. Save it as a .png
10. Make a picture of you next to a celebrity.

When you are done drop your folder into the O: drive. You must turn in this sheet with your folder. Lost sheet or misnamed folder will cost you 5 pts.

Each question is worth 1 pt for a total of 20. Good luck !! _____ / 20
